

DRAFTING CAD TECHNOLOGY

A STEDY Certificate Program

PROGRAM DESCRIPTION

This program provides courses in the drafting CAD and technical subject areas as well as the required general education courses to prepares students to transfer to a university. This program will provide knowledge in computer-aided drafting (CAD) technology.

JOB OUTLOOK

Employment of drafters is projected to show little or no change from 2014—2024. New software programs are making the work more efficient thus requiring fewer workers, competition for jobs is expected to be strong. The median annual wage for drafters was \$52,720 in May 2015
