

ELECTRICAL TECHNOLOGY

A STEDY Certificate Program

PROGRAM DESCRIPTION

This program prepares students for an entry-level position in the construction trades industry. This program provides opportunities for students to learn to install, maintain, and repair electrical wiring, equipment, and fixtures in accordance with relevant codes. This program curriculum is aligned with National Center for Construction Education Research standardized national skills standards for the construction trades.

JOB OUTLOOK

Employment of electricians is projected to grow 14 percent from 2014—2024, faster than the average for all occupations. As homes and businesses require more wiring electricians will be needed to install the necessary components. Electricians with the widest variety of skills should have the best job opportunities.

| Industry | Installation | Repair |
