

TEXT MESSAGE PROTOCOL

During the year, the STEDY administration will have important information to share with parents and students. We have found a method to share information effectively and efficiently is by “text message.” Information sent by the STEDY administration is intended to be a “one-way” communication – only from STEDY to parents and students. We do not encourage parents or students to “return a text.” If parents and students would like to contact the STEDY administration, we would like ALL communication to be done through district website, e-mail, phone or regular US post.

For students to receive text messages from the STEDY administration, parent permission is required. Parents are required to sign this form acknowledging our communications protocol. In addition, parents will need to indicate:

I DO give permission for their student to receive text messages from the STEDY administration;

OR

I DO NOT give permission for their student to receive text messages from the STEDY administration.

This form must be returned to Southwest Technical Education District of Yuma by the beginning of the first semester of school. All information will be considered confidential and will not be shared.

STUDENT

YES - I give permission for my student to receive text messages from the STEDY administration.

STUDENT PHONE NUMBER: _____
